## A restful night

The master bedroom offers cosiness and warmth, combined with an almost risqué ambience with its black carpets and purple boudoir, accentuated by plush cushions and 'over the top' window dressings. The en-suite bathroom offers a bath (and shower over) complete with gorgeously soft towels and complimentary bath amenities.

Feel pampered and relaxed before your culinary evening and return to a heart-warming fire and romantic turn-down service, complete with candles, soft music and roses.

Leading from the living room is a traditional "cottage kitchen" which is well equipped and perfect for preparing a morning English breakfast at your leisure using the array of fresh, organic ingredients including speciality Jing teas and aromatic coffees.

Dine at the cosy "table for two" perhaps followed by a walk along the pretty Thames riverside path.

The shared courtyard garden, filled with fragrant flowers in summer, offers a perfect spot for pre-dinner drinks.
