Growing the visitor
economy in the Royal
Borough of Windsor
& Maidenhead

Welcome

VisitWindsor is the official tourism department of the Royal Borough of Windsor & Maidenhead and sits within the Economic Growth service area. We work closely with colleagues at Make Maidenhead, Windsor, Eton & Ascot Town Partnership and Economic Development and incorporates the My Royal Borough website and social media channels. This joined up approach to place making and place marketing offers more support to businesses than ever before.

Our aim is to deliver expenditure growth across the whole of the Royal Borough and surrounding area in a way which:

- Maximises the benefits of tourism for the local community (e.g. in terms of job creation).
- Minimises the impact on the community (e.g. in terms of congestion and overcrowding).
- Creates a destination with visitor numbers that can be accommodated within the local infrastructure.
- Creates a sustainable destination with visits year round.

The Royal Borough of Windsor & Maidenhead places a high priority on tourism, however with more urgent challenges, the ongoing delivery of tourism can only be successful with a stronger

private sector role; beyond consultation and discussion; acting at the heart of delivery.

A number of individual businesses in the borough are strong iconic brands in their own right and help to support many micro businesses. We are now working towards a different delivery model to achieve real term growth, where more businesses contribute and more gain.

This is an exciting opportunity for your business to become a commercial partner and benefit from a wide range of services, marketing support, promotion and sales opportunities.

If the Windsor brand is important to you and your business we very much look forward to working with you.

Destination marketing

We work with our partners to improve the visitor experience, encouraging them to stay longer, explore further, and spend more; maximising the benefits of the 'Windsor brand' for the broader area.
